

Bulkhead Three-piece Union

Features:

- Anti-rotation sleeve has been added to prevent fitting from rotation
- Can be used with RUNZE male thread fitting, and threaded bulkhead union to realize rigid to rigid tubing, rigid tubing to hose, and hose to hose connections.
- Standard threads and curvature, no gap, no wobble and good sealing with the corresponding threads
- Imported raw material, non-toxic, tasteless, heat and corrosion resistant.
- PP material is widely used in biomedical, environmental protection and food industries; PTFE material is also suitable for chemical industry and other fields

★ Application Note

※ Panel thickness ≤ 9mm

Thru-hole on panel

Unit: mm

NC-28P/E
